

## ALL-TERRAIN SELF-CONTAINED MOBILE SURVEILLANCE SYSTEM

# FLIR LTV-X™

Building on the capabilities of the LTV, the LTV-X Light Tactical Vehicle is a lightweight all terrain reconnaissance and surveillance system that features a 4-passenger design, a removable sensor/mast skid, and is V-22 Osprey transportable. Quickly deployable, LTV-X gives operators the ability to go almost anywhere and conduct fully self-contained surveillance missions using advanced radar, electro-optical, and thermal imaging systems.

A single operator can navigate the harshest of terrain for long-range missions that support force protection, border surveillance, and target tracking. Complex long-range, world-class sensors seamlessly integrated on a mobile platform maximize ISR and minimize nuisance and false alarms. Swap out payloads depending on mission and network with other sensors, FLIR vehicles, and command and control nodes for unparalleled mission effectiveness. Track up to 500 threats simultaneously with onboard Cameleon™ Tactical advanced camera control system.

### FEATURES

#### MISSION-READY IN MINUTES

The removable skid installs quickly. Easy, single-operator control of sensor and radar payloads means rapid deployment.

#### STATE-OF-THE-ART IMAGING & RADAR CONFIGURATIONS

Choose the FLIR R6SS or R20SS radar, and either the TacFLIR® 230 or TacFLIR® 280-HD thermal camera. NIR, SWIR, and MWIR options.

#### TAKE SURVEILLANCE TO THE THREAT

Deploy off-road surveillance almost anywhere, in the harshest of terrain and virtually any weather. Most military transport aircraft can carry LTV-X to the closest airstrip.

#### TRACK 500 TARGETS SIMULTANEOUSLY

Cameleon™ Tactical tracks blending of multiple sensors, slew-to-cue of camera to radar, mapping, zone management, video archiving, and alarm notification and management.

#### LASER OPTIONS

Range finder, pointer, and illuminator help make locating, marking and targeting efficient and more effective.

### APPLICATIONS

FORCE PROTECTION

BORDER SURVEILLANCE

TACTICAL RECONNAISSANCE

PIPELINE SECURITY

MOBILE SECURITY

TARGET TRACKING

LONG RANGE SURVEILLANCE

## SPECIFICATIONS

Radar Options	
R6SS - FMCW X-Band	
R20SS - FMCW X-Band	
Camera Options	
TacFLIR-230	
TacFLIR-280HD	
Camera Wavelength Options	
High Definition (HD) Mid-Wave Infrared (MWIR), Short Wave Infrared (SWIR), HD Color Zoom	
Payload Options	
Lasers	Laser Rangefinder Laser Pointer (NIR wavelength)
Illuminators	NIR wavelength
Command & Control	
Cameleon™ Tactical	Track blending of multiple sensors, slew-to-cue of camera to radar, mapping functionality, zone management, video archiving and distribution, and alarm notification and management
Simultaneously Tracking	>500 Targets
Environmental	
Power Options	Battery, Vehicle and Shore Power
Range	93 miles (150 km)
Top Recommended Speed	35 MPH (56.3 KPH)
Length	156.5 in. (397.5 cm)
Width	61.9 in. (157.2 cm)
Height (mast stowed)	60 in. (152.4 cm)
Height (mast deployed)	159.1 in. (404.1 cm)
Weight	2565 lbs (1163 kg)
Standard Features	
Silent Mode Operation	
Differential GPS	
Weather Station	
Shore Power Connection	
Cab-Integrated Operator Workstation	
Video Monitor	
Operator Control Panel and a Camera Hand Control Unit
